TRAVEL COLLECTION

Discover the world of comfort with our Spring Step Travel Collection. Designed to create the most comfortable shoe that is lightweight supportive & flexible. We achieve this by using our signature Opanka hand-stitching technique and premium quality vegetable tanned leathers. This traditional technique has many benefits/created & crafted with this hand-stitching technique allows the shoe to flex and move with the foot for a natural feel. Additionally, our stitched based construction process enables the shoe to conform to the foot and rebound with every step. Our commitment to comfort is created with our signature stitching process that works together with our specialty padded footbeds and wide, roomy toe boxes to immerse the foot in total comfort.
