

FLEXUS[®]
ITALIAN COMFORT *by Spring Step*

SS
20
25
COLLECTION

5 POINTS OF COMFORT

1 ANTI-SHOCK

The Flexus sole is designed to give effective protection from the impact of walking, helping to ease your back, knees, hips and spine.

ANATOMIC 2

The Flexus sole is pre-formed to the natural foot anatomy, ensuring proper support, giving you maximum comfort.

3 SELF-MOULDING

The sole, filled with millions of bubbles, will mould permanently to the natural shape of your foot, giving you a personal fit time after time for that added extra.

SLIP-PROOF 4

The sole is slip resistant, providing you with excellent traction.

5 FLEXIBLE

The sole is super flexible, moving naturally with your feet with every step you take.

FLEXUS[®]
ITALIAN COMFORT by Spring Step

FOR YOUR MAXIMUM SUPPORT

Flexus[®] merged the best of both worlds. For years, comfort shoe design was divided. Europe focused on firm, structured soles, while America prioritized soft, flexible materials. Flexus[®] combined these approaches, creating shoes with supportive, shaped footbeds and ultra-flexible outsoles for unmatched comfort.
