FLEXUS
ITALIAN COMFORT *by Spring Step*

FOR YOUR MAXIMUM SUPPORT

Flexus® merged from European support with soft American flexibility. We combine structured footbeds and ultra-flexible outsoles for unmatched comfort.

Shown here | **BRAMA & BORRICO**

5 POINTS OF COMFORT

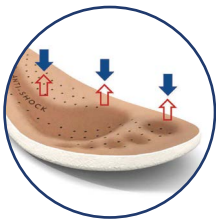

1 ANTI-SHOCK

The Flexus sole is designed to give effective protection from the impact of walking, helping to ease your back, knees, hips and spine.

ANATOMIC 2

The Flexus sole is pre-formed to the natural foot anatomy, ensuring proper support, giving you maximum comfort.

3 SELF-MOULDING

Our soles, filled with millions of bubbles, will mould permanently to the natural shape of your foot, giving you a personal fit time after time for that added extra comfort.

TRACTION 4

Our soles are slip resistant, providing added safety.

5 FLEXIBLE

The sole is super flexible, moving naturally with your feet with every step you take.
